RULES OF GAME PLAY

Off-sides: No off-sides apply

Kick-Off

1. A kick off is the way of starting or re-starting play at the start of a game, after a goal has been scored, and at the start of the second half.
The ball does not need to move forward on a kick-off.
2. The kicker may not touch the ball a second time until it has been touched by a second player.
3. A goal may NOT be scored directly from a kick-off.

Ceiling: If the ball hits the ceiling or other object, the team that did not touch the ball last restarts play with a kick in from the nearest point on the touch line.

Kick ins: are indirect. The ball must be placed on or no more than 10 inches behind the line. A kick in that goes directly into the opposing goal is a goal clearance for the opposing team. A kick in that goes directly into the defensive goal is a corner kick of the opposing team.

Corner Kick

1. A goal may NOT be scored from a corner kick.
2. A corner kick is awarded when the whole ball, having last touched a player of the defending team, passes over the goal line either on the ground or in the air.

Substitutions

1. Each team has unlimited, “on the fly” substitutions during play or when play has ceased.
2. Play is ceased when a goal is scored, a penalty is awarded, or an injury timeout is called.
3. A player may substitute for the goalkeeper only on a stoppage of play. The referee must be notified BEFOREHAND.
4. If a substituting player enters the field of play and becomes “involved” in the play before the substituted player has left the field, an indirect free kick will be awarded to the opposing team.
5. Substituting players must enter and leave the field from the bench side of the field.

Scoring a goal

1. A goal is scored when the whole ball has passed over the goal line, between the posts and under the crossbar.
2. A goal may not be counted if it is thrown, carried, or intentionally propelled by the hand or arm of a player on the attacking side including the goalkeeper.

Goalkeepers & Goal Clearance

1. A goal clearance is a method of restarting play. A goal MAY NOT be scored directly from a clearance.
2. The goal clearance is awarded when the whole ball, having last been touched by the attacking team, passes over the goal line either on the ground or in the air, outside of the goal posts.
3. The ball is thrown from any point within the penalty area by the goalkeeper of the defending team.
4. Opponents remain outside the penalty area until the ball is in play.
5. The goalkeeper does not play the ball a second time until it has touched another player.
6. The ball is in play when it is thrown directly beyond the penalty area.
7. If the ball is not thrown directly beyond the penalty area, the goal clearance is retaken.
8. There are unlimited touches allowed by the goalkeeper.
9. If the goal clearance is not taken within four seconds from the time that the goal keeper takes possession of the ball an indirect free kick is awarded to the opposing team, to be taken from the penalty area line at the place nearest to where the infringement occurred.
